Re: Patent Application 09/879,224

Dear Assistant Commissioner:

I filed Patent Application No. 09/879,224 on June 6, 2001, titled: "Electronic Legal Research Ordering and Pricing System and Method of Defining Electronic Legal Research Instructions and Values and Ordering and Pricing Electronic Legal Research Orders."

Page 1 of the Specification of said application claims the benefit of and cross-references a provisional application I filed on March 13, 2001 also of the same title stated above. At the time I filed the non-provisional application, this provisional application had not yet been assigned an application number by the USPTO. An application number has since been assigned by the USPTO. With this letter I wish to advise you of that number and amend page 1 of my non-provisional application to include it in the section entitled: "Cross-Reference To Provisional Application."

Please make the amendment reflect that the application number for the provisional application is "Application No. 60/275,314".

Thank you.

Very truly yours,

James P. Kimmel, Jr., Esq.
